Thu, Sep 2, 10:25 PM (8 days ago)

to me

Ms. Karla C. Panesa
Education Program Supervisor II
DEPED Negros Oriental

Greetings from Gokongwei Brothers Foundation (GBF).

GBF is a family foundation that aims to make significant impact on Philippine education, particularly in the field of Science, Technology, Engineering and Mathematics (STEM).

With our thrust of helping improve learning through educators' professional development, we are expanding our scholarship program for teachers. We would like to request for your support in increasing awareness about the program, particularly the GBF TeachSTEM Master's Degree Scholarship Program.

The GBF TeachSTEM Master's Degree Scholarship Program supports educators to acquire their master's degree in education majoring in science, technology or mathematics.

The program is open to educators currently serving in K to 12 public schools or any tertiary institution teaching any STEM-related subject/course.

They can avail of this scholarship in our identified Teacher Education Institutions (TEIs) who have shown excellence in teacher education. The attached program brief details the scholarship benefits and eligibility requirements. The updated list of partner institutions can be viewed via this link: <https://tinyurl.com/TeachSTEMTEIs>

Recognizing our shared interest in helping our teachers improve, we would like to **request for your help in promoting our scholarship program in to the public schools in your area by posting attached materials in relevant platforms you may have (i.e. website, social media pages, etc.).** This will help us identify potential scholars who we hope to partner with us in achieving this goal. Deadline for application is on October 15, 2021 and we would appreciate immediate dissemination.

For more information, here is a link to our [Facebook Advertisement](#) which you may also share

We will also appreciate direct referrals. They may send to us their queries, or you may send to us their contact details.

We would be glad to discuss this request at your convenience should you have any questions. Thank you and look forward to hearing from you.

GOKONGWEI
BROTHERS FOUNDATION

TeachSTEM

Master's Degree Scholarship

Extended application deadline
October 15, 2021
